They weren't trying. It has been a long and strange
trip
but I'm glad I did it
When I'm dead in jail,
Just remember that I was
once a nice guy
All I know is what I see
All I know is what I hear
All I know is what I feel
Positive Vibrations
Roots, Radics, Reggae
All I know is I know too much
There's too much hate
There's not enough love
Things start moving that never did before
The blue & purple dragons have me rolling on the floor
I look the other way & see a cat fight
But I don't mind 'coz I'll be fighting for the rest of
Things start moving but tell me what happens
Whatever every thing around me starts laughing
Things start moving that never will remain
But I need to know where that night-wear went
Rock & Roll scum
I love it JR

But my dreams, they aren't as empty, as my Conscience seems to be....

I stand here on the summit of the mountain. I lift my head and I spread my arms. This, my body and spirit, this is the end of the quest. I wished to know the meaning of things. I am the meaning. I wished to find a warrant for being. I need no warrant for being, and no word of sanction upon my being. I am the warrant and the sanction. I know what happiness is possible to me on earth. And my happiness needs no higher aim to vindicate it. My happiness is not the means to any end. It is the end. It is its own goal. It is its own purpose.

It is my eyes which see, and the sight of my eyes grants beauty to the earth. It is my ears which hear, and the hearing of my ears gives its song to the world. It is my mind which thinks, and the judgment of my mind is the only searchlight that can find the truth. It is my will which chooses, and the choice of my will is the only edict I must respect.

Can You See The Real Me?

From childhood's hour I have not been
As others were - I have not seen
As others saw - I could not bring
My passions from a common spring.
From the same source I have not taken
My sorrow ; I could not awaken
My heart to joy at the same tone ;
And all I loved , I loved alone .
